Adam, right here.

Hello, I'm Susan Thompson, human resource manager here.

Hello, I'm Adam Thorne. Here's my resume.

Great, thanks. Have a seat. So tell me about yourself.

Well, I'm a hard worker. I will do anything you need me to. I'm never late and I get along very well with co-workers. I have 2 years of experience working in a kitchen and I understand that good quality is very important to your company. I want to work here because I like your products and I would be very happy to work for this company.

That's great. Um, it says here that your kitchen experience was in a small Cafe. Have you ever had experience working in a large commercial kitchen before?

No, but I think it would be very interesting. I learn quickly.

Okay, when you finish a task, how do you know what to do next?

Well, I look around to see if anyone needs help. If no one needs help, then I find something to clean. Sometimes I ask the supervisor what I can do.

Very good. Do you have any questions for me?

Yes, what is the most important part of this job?

Well, as you said before, quality is very important to our company. Company employees must follow directions exactly for us to get the best product possible.

I can do that. I believe in doing things the right way every time.

Great. Well, it's been nice meeting you. We will make phone calls tomorrow and let you know if you get the job.

It's been nice to meet you too. I really hope you call me. I would love to work here.

We'll let you know tomorrow. Have a good afternoon.
