- takes a shower, then shaves, and then works out.
- takes a shower, then works out.
- works out, then takes a shower.

Transcript

I want to know the very first thing you do. You get out of the bed. You go to the bathroom.

Oh, I don't, no.. The first thing I do is look at my phone.

Oh, you look at the phone first. Okay. That's interesting. I do that, too.

I look at Facebook to see, to see what's going on in the world.

Right. Right.

And I check my messages. I look at Messenger and Whatsapp.

And how long, how many minutes would you say you spend?

You know it depends on what's going on in the world. On a good calm day, it'll probably be no more than a few minutes.

Right.

It's actually a pretty sad situation to be honest because I have contacts, right?.

Right.

I mean, I can't see that well.

Right.

I mean, before I put my contacts in, I often go look to see what's going on on Facebook. But I'm very nearsighted, so I'm like, yeah. I was never a morning person. Max is definitely turning me into a morning person. Max is like a pterodactyl. It's like, I didn't know a human could make those noises.

Right. And then, do you take a shower or you're gonna, you work out first?

The better strategy is to work out and then you shower. I think, um...

Not Barack Obama. He likes to shower, ..

And then work out?

..shave, and workout. Which I found to be very odd.

That doesn't make any sense.
